## SQUARE RIGGER CLUB CHARITY CHARTERS 2019

The Square Rigger Club Charity is proudly associated with TS Royalist and the Sea Cadets and generously provides bursaries and occasional items of equipment. In return, there is an opportunity of taking part in at least two adult charters each year organised by the Square Rigger Club Charity, which are greatly enjoyed by Club members and like minded people, who want to enjoy the experience of sailing in a traditional square rigger.

The Square Rigger Club Charity has conducted many charters through the years and these charters are always convivial, fun and dare we say, instructional and can be taken at any level of seriousness according to each individual's choice. The voyages offer hands on participation in every aspect of the ship's life, be it steering the ship, setting sail, standing watch or helping feed the hungry crew as well as providing an opportunity to experience the vessel and determine if you would like to train as a member of the Afterguard (subject to suitable qualifications) in order to join the relief staff cadre to assist on TS Royalist cadet voyages. The charter's profit goes directly towards TS Royalist, providing bursaries for Sea Cadets and essential extras for the ship.

There are two charters during 2019. The first charter is in April and the second one is in late August and during the weekend the ship will sail wherever wind and weather conditions permit! The April charter starts and finishes in Royalist's home port of Gosport and charters from Gosport regularly visit France and the Channel Isles. The great advantage of sailing from the Solent is that the ship will most likely be able to sail in the sheltered waters whatever ever the weather wishes to do! Later in the summer we have a first charter from and to Ipswich. East coast sailors will know that this opens up the prospect of sailing through two shipping lanes over to Ostend or other ports on the Belgian/Dutch coast or in the Thames estuary if conditions are not suitable. Interested? Have a look at action photos taken on recent charters in our website Gallery.
